

# Critical Information Summary

## Voipex nbn™ Standard Plans

### Information About the Service

The Voipex Standard nbn™ plans comprise of a high-speed internet service which will allow you to access online content. Depending on the broadband technology that nbn™ has enabled in your area the high-speed internet service will be either fibre to the premises (FttP), fibre to the node (FttN), fibre to the basement (FttB,) fibre to the curb (FttC), Hybrid Fibre Co-Axial (HFC) or fixed wireless.

### Required Services and Availability

Coverage for the VoIPex nbn™ plans varies and can be confirmed by contacting Voipex on 02 4957 8997.

You will require an nbn™ compatible router to access your nbn™ service. You can obtain one yourself or Voipex can provide one to you at an additional cost.

### Minimum Term

There is a 1 month minimum term on the Voipex nbn™ plans.

After the first month the contract is a one month rolling contract.

### Other Information

#### Installation Information

Standard nbn™ installations are completed without charge to you.

During a Standard nbn™ installation an nbn™ contractor may require access to both the inside and outside of your property to complete the installation.

If your installation is a non-standard installation, then nbn™ will discuss and obtain your consent to any additional charge before starting the work. These additional charges will appear on your VoIPex bill.

### Usage Information

Customers can obtain information on their internet usage by accessing their Voipex Account here:
